

NOMINATION FOR CLUB COMMITTEE – MR ROGER LINDSAY

Villa 32 (& 25 Escritura) – Club Weeks 44, 45 (& 46 Escritura)

I have been on the Club Committee since January 2015 as part of the team taking on WimPen and winning court cases both in the UK and Spain against WimPen/Onagrup. I am prepared to stand for one more 3-year term.

I have attended every Committee meeting (we meet every 4 to 6 weeks in this fast-changing environment) and I hold responsibility for data protection, assist in legal matters, report on finance and accounts, and deal with our challenging relationship with RCI.

I have been an owner since March 1989. Together with my career working experiences and skills this has made me an ideal committee member. I have the required enthusiasm and energy as we deal with ageing ownership and a challenging former management. I have a good insight into the needs of all those using our resort.

Before retirement I worked as a self employed builder and in Local Government in social care, retiring as a senior manager. I am used to working in committees with tightly run budgets, including my current role as a director in a local community project.

People who have met and worked with me find me easy to approach and have commented on my good listening skills and ability to put forward other people's point of view. I am not afraid to ask questions or make decisions that are difficult.

If re-elected I will work to represent the long-term interests of all owners rather than others' short-term financial gain. My extensive training and experience of managing changes in my previous work places will continue to be a great asset to your committee.

Proposed by Mr James Gordon – Villas 51, 37, 80 Weeks 11, 12, 13, 14, 23, 24

Seconded by Mr Stuart Smart – Villas 46, 63 Weeks 22, 23, 52
